Research Interests

My research focuses on artificial intelligence (AI), with an emphasis on **Core** (graph-based AI and knowledge graph) and **Domain** (biomedical and information-centric knowledge graphs). I am especially passionate about applying graph-based methodologies to analyze complex data, uncover meaningful insights, and contribute to the advancement of Graph-AI-driven solutions.

My key research interests include:

Graph-based AI, Knowledge Graph, Biomedical informatics, AI for Science.

Education

Myongji University

Mar 2025 - Present

- M.S. in Applied Artificial Intelligence
- DataScience Lab / Advisor: Jaehee Jung
- Total GPA of 4.5/4.5

Myongji University

Mar 2020 - Feb 2025

- B.S. in Computer Engineering
- Total GPA of 3.49/4.5, Major GPA of 3.66/4.5

Grants

1. 권화랑, "콜드 스타트 시나리오에서 지식 그래프 표현 학습과 메타러닝을 활용한 약물 단백질 상호작용 예측", *NRF 석사과정생연구장려금지원*, RS-2025-25418034 (₩12,000,000) Sep 2025 - Aug 2026

Publications

Domestic Publications

1. Effect of Removing the Prediction Target from a Knowledge Graph on Representation Learning and the Classifier
Hwarang Kwon, Jaehee Jung
Korea Software Congress (KSC), 2025

Preprints or Manuscripts Under Review

1. Pair-Level Fusion within Multi-View Representations for Cold-Start Drug-Target Interaction Prediction on Knowledge Graphs
Hwarang Kwon, Jeongho Kim, Jaehee Jung
Engineering Applications of Artificial Intelligence (EAAI) [Impact Factor: 8.0]
2. Temporal Residual Memory for Mitigating Catastrophic Forgetting in Continual Knowledge Graph Embedding
Hwarang Kwon[†], Jeongho Kim[†], Jaehee Jung († co-first authors)
Conference on Neural Information Processing Systems [NeurIPS 2026]

Awards & Honors

1. Best Final Project Award, AI Devcourse, *Programmers* 2023

Extracurricular Activities

- | | |
|--|---------------------|
| 1. Member , AI Paper Review Study Group | May 2023 - Aug 2023 |
| 2. Member , AI Competition Study Group | May 2023 - Aug 2023 |
| 3. Trainee , AI Devcourse, Programmers | Mar 2023 - Aug 2023 |
| 4. Trainee , Advanced AI Course, Daegu AI Hub | Aug 2022 - Oct 2022 |

Internships

- | | |
|---|-------------------------|
| DataScience Lab , Advisor: Jaehee Jung | October 2024 - Feb 2025 |
| <ul style="list-style-type: none">• Undergraduate Researcher• Participated in paper seminars | |

Skills

English: OPic: IM1

Programming: Python, C

Deep Learning: Pytorch, Tensorflow, Scikit-learn, Keras

Data Analysis: Numpy, Pandas, Matplotlib, Seaborn
